

HaloSync – Solution Brief  
For OTA Engineering Teams

=====

This is a sample PDF used to demonstrate the inline preview on  
/resources/sample-solution-brief-ota-engineering/.

Replace this file with the real Solution Brief when ready.

-----

What's inside the real brief

- Why aggregation, not direct connect
- Reference architecture for NDC distribution
- 30-minute Sandbox path, 2-week production path
- ISO 27001 + PCI-DSS posture
